THE OPPORTUNITIES

Chill Out is the perfect instrument for a high-class, innovative brand promotion that guarantees attention as well as a positive image transfer.

Chill Out watercraft can be fully branded and equipped with the respective products to ensure the brand image gets across just the way you want it to.

The watercrafts have an integrated sound system, adding integrated advertisements, jingles or music that goes along with your brand.

Full customization and branding of the Chill Out watercraft is possible, ensuring your brand image gets across to your audience. Whether the branding is stickers on the palm leaves, or a full customization, the options are endless.

THE POTENTIAL

The Chill Out watercraft is the perfect offer for your guests adding a memorable and unique aspect to their day out. People are looking for moments that they will cherish forever, moments that give them a break from reality.

Picture this, your guests spending the day out on a Chill Out watercraft. They're in the sun listening to music and swimming. All done in privacy. There's no one else in the world but them and serene beauty.

Your guests have the ability to connect their phone to the watercrafts Bluetooth system so they can play their own music. If you wish to amplify the experience you could even serve them cold drinks and delicious snacks. Enhancing your guests experience through relaxing days using the Chill Out watercraft.
